These teams were selected for each Division using a computer generated random selection process. They were then arranged in each division alphabetically.

The regular season will be from January 5 to February 25.

All teams will play a 18 game schedule during the season. Each Division will play two games against teams in their own division and one game against each team in other divisions.

Games will be played on Monday, Tuesday or Wednesday for the season. In all cases each team will play two weeks with three games each and two games per week for the other five weeks.

1. If exactly 2 teams are tied for 1st place, the League Champion game will be played on Monday March 2nd. However, if there are more than 2 teams tied for 1st place, Thursday, February 26 will be set aside to begin the playoffs for a League Champion. This playoff will conclude on Monday March 2nd.

The double elimination seeded playoff schedule will begin on March 2nd. The seed for each team will be determined by the team's final record during the regular season. The winner of each division, as in past years, will be seeded as #1, #2, #3 and #4. No games will be played on February 17th due to our Mardi Gras celebrations. Seeding for all ties of seasonal records will be determined in the order listed below.

1. Head-to-head record
2. Best differential between runs scored and runs allowed
3. Coin flip

Once the playoffs begin, a bracket sheet will be posted both online and at each field. The bracket will be updated each day at both venues and online.
