

The Citrus Park 50+ Softball League's Memory Walk is made from bricks with our deceased members, both current and former, names engraved on them. The bricks are then installed on the Memory Walk at field 2 where they will always be remembered.

The league also sends condolence cards to the families of players when the player (or a family member) passes, in addition to reading their names at the annual league meeting.

Contact Craig Smalley if you know of a player, spouse of a player or family member of a player (siblings, children, etc.) who has passed away. Contacting Craig will help us stay informed. He can be reached at 239-319-9570 or at his email address Cpsftball2024@gmail.com
